

**Muneeb Farid**

**Machine Learning Engineer / Data Scientist**

+92 329 7325390

**Gmail:** [fareedmuneeb98@gmail.com](mailto:fareedmuneeb98@gmail.com)

### **Profile**

*Machine Learning Engineer with hands-on experience in building, optimizing, and deploying ML models using Python. Skilled in supervised & unsupervised learning, NLP, and deep learning frameworks. Strong background in data analysis, feature engineering, and turning complex datasets into actionable insights.*

### **Technical Skills**

**Programming Languages:** Python, C++ (DSA), Java (programming fundamentals, OOP),

**Machine Learning & AI:**

**Supervised Learning:**

**Regression models**

**Classification models**

**Python Libraries:** NumPy, Pandas, Scikit-learn, TensorFlow, Keras, Flask, Matplotlib, Seaborn

**Data Visualization:** Matplotlib, Seaborn

**Other Skills:** Data Cleaning, Feature Engineering, Model Evaluation, Hyperparameter Tuning, FastAPI (ML model deployment)

### **Know about:**

*Deep learning models, Neural Network, Image classification)*

*NLP(tokenization, lemmatization, Stemming) to clean a document*

*Langchain(chatbots, rag applications), Langgraph(Ai Agents)*

### **Learning :**

*Computer vision, pytorch and MCP in Ai Agents .*
